Visitor Address

Visitors will be allowed to raise questions during this section of the agenda. The Chairperson may limit the length of time for this section of the agenda in order to have time for all agenda items. Constituents who cannot or do not wish to attend may raise questions at the next Board of Education meeting by sending them in writing to the chairperson. Orally conveyed questions will be accepted only from visitors.

The Board may choose to answer questions raised during the Visitor Address immediately, to debate the issue during the current meeting, or to defer debate to a later session. When appropriate, the Board may choose to debate the question in a closed-door session.
