

I Forgot Where I Was
Lyrics by 3B

I was reading a book about shopping and I was going to the mall with my mom!!!!

While we were at the mall we bought the lego death star then we got stuck in the shop

She said play with the toy I'll call 911; 911 said you are crazy

I forgot where I was! I forgot where I was

I was in a bakery because I was hungry

I found a cake and it was humungous!

It was chocolate and fungus and it tasted so good

I forgot where I was

I went to the animal shop cause I wanted to buy a dog.

I wanted a black and white dog with an orange nose. I thought I would name him Putouchsky

I feed him cat food and the huge cake and then we would ride the lego death star to outer space I forgot where I was, and

I forgot where I was.
